

470 MULCHER

ULTRA LOW GROUND PRESSURE FOR CHALLENGING
SOFT SOIL APPLICATIONS.

Tigercat[®]
Tough • Reliable • Productive

THE 470 MULCHER IS AN AGILE, LOW GROUND PRESSURE MACHINE BEST SUITED TO TOUGH TERRAIN AND SENSITIVE SITE ROW, PIPELINE MAINTENANCE AND EXPLORATION PROJECTS.

KEY BENEFITS

- ▶ Large attachment pump. High flow to the mulching head
- ▶ Closed loop drive system provides optimal balance of speed and tractive effort for high performance and efficiency
- ▶ Counter-rotate function (CRF). Turn on a dime at the touch of a button
- ▶ Extremely low ground pressure. Low impact in sensitive sites
- ▶ High-lift boom geometry. Improved performance on sloped terrain
- ▶ Efficient, high-capacity cooling system with variable pitch fan and automatic reversing cycle

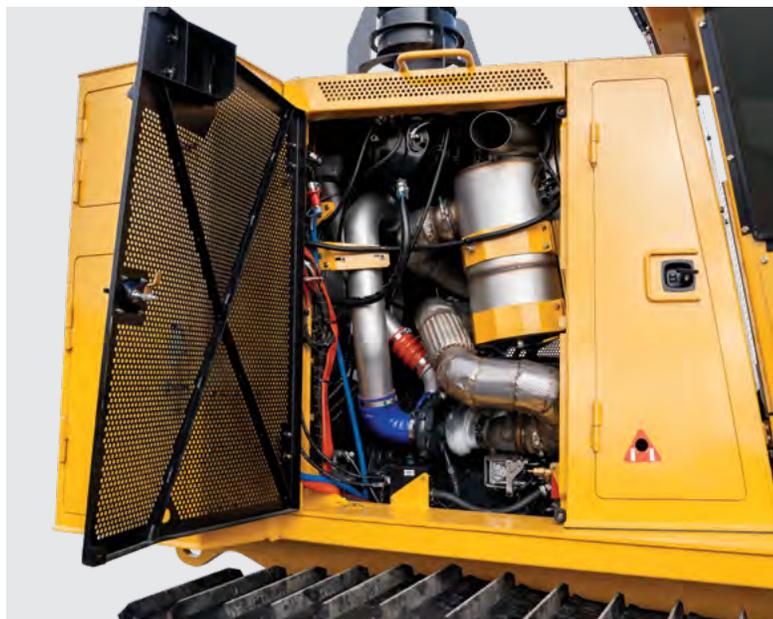

PLAY IT COOL

- ▶ The high-capacity cooling system features a swing out cooler screen for easy cleaning.
- ▶ An automatic variable speed, reversible fan purges debris for improved fuel economy and cold weather starts.

MAINTENANCE MADE EASY

- ▶ Easy access to all components makes servicing the 470 quick and easy.
- ▶ The large enclosure doors open to reveal the well laid out engine and pump areas.
- ▶ The tilting cab gives access to components mounted in the chassis.

THE RIGHT SIZE

- ▶ The 470 is well suited to right-of-way and site preparation projects where a narrow, agile machine with extremely low ground pressure is required.

470 MULCHER

POWER: 245 kW (330 hp)
 TOP SPEED: 6,6 km/h (4.1 mph)
 WEIGHT: 13 925 kg (30,700 lb)
