

6900 GRINDER

The Tigercat 6900 horizontal grinder is a heavy duty upswing grinder designed for maximum production. The 6900 is built for extreme duty and long life utilizing only the highest quality components throughout.

BENEFITS AND ADVANTAGES:

High processing capacity

- Upswing rotor for maximum mulch production

Adjustable in-feed angle

- Easy and productive feeding of both long and short material

Open discharge system

- Single discharge conveyor
- Open bottom for clean operation and easy service

Easy mobility onsite

- Simple remote control drive system
- Pivoting track frame to adjust for varying feedstock

Effective metal removal with discharge conveyor

- Large diameter optional magnetic head pulley
- Optional over band magnet

Easy maintenance with full service access

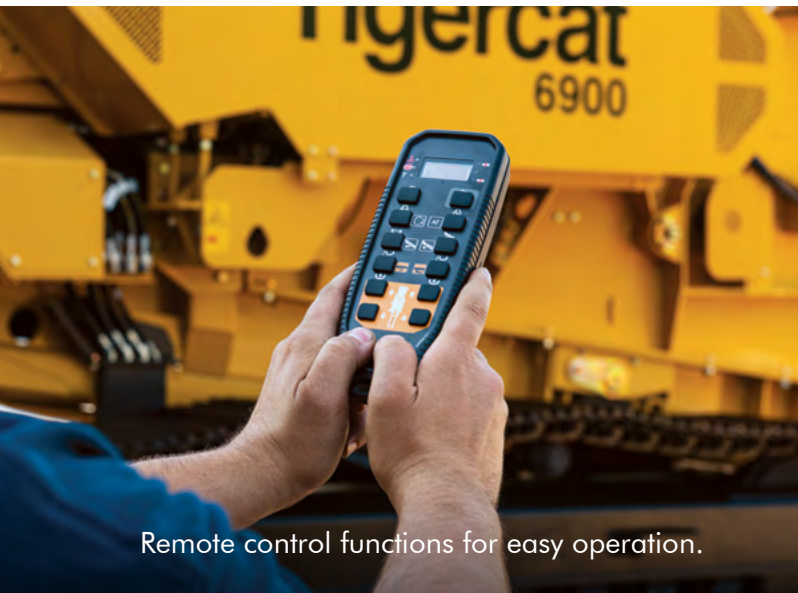

- Split hog box opens for full access to rotor and screens
- Hydraulically retractable anvil and screens

Extremely versatile

- Bolt-on hog box and feed conveyor assembly

Built for extreme duty and long life

- Durable components throughout
- Legendary Tigercat build quality

Remote control functions for easy operation.

Convenient storage for tools that elevates to position.
