

H-SERIES SKIDDERS

620H | 630H | 632H | 625H | 635H

THE WORLD'S MOST ADVANCED, REFINED, AND PRODUCTIVE SKIDDERS.

Tigercat®
Tough • Reliable • Productive

TAKE YOUR PICK

THE H-SERIES LINE-UP

620H

An all around four-wheel drive skidder suited to most clear fell and thinning applications.

630H

A high capacity four-wheel drive skidder best suited to high volume applications, challenging terrain and demanding duty cycles.

632H

Tigercat's highest capacity four-wheel drive skidder. Ideal in punishing conditions and extremely high volume demands.

625H

A high capacity six-wheel drive skidder best suited to steep slope operations and long distance skidding.

635H

Tigercat's highest capacity six-wheel drive skidder best suited for high volume operations and demanding duty cycles.

TELEMATICS SOLUTIONS

REDUCE DOWNTIME AND TROUBLE
SHOOT ISSUES FASTER AND SMARTER.

Tigercat telematics provides real-time data and machine diagnostics for fleet management and machine monitoring.

Just some of the many features:

- ▶ Upload and overlay custom maps with cut block and boundary information
- ▶ Communicate directly with the machine operator through text messages
- ▶ Get a quick summary of daily activities (production, refueling, idling, shutdown)
- ▶ View detailed information about any fault codes reported
- ▶ Get direct support at the jobsite from your Tigercat dealer
- ▶ Use estimated work time remaining to schedule refuelling
- ▶ Identify potential maintenance requirements
- ▶ Report production metrics between operators and machines

OPERATOR'S STATION

SPACIOUS CAB

WITH GENEROUS WINDOW AREA

A LOOK INSIDE

Tigercat H-series skidders are equipped with a spacious, comfortable cab with operator convenience top of mind.

Operator comfort

- ▶ Spacious cab
- ▶ Larger door openings for easier entry and exit
- ▶ Improved control layout with everything you need at your fingertips
- ▶ Hot and cold climate controlled cup holder

Interior finish

- ▶ Fresh, interior cabin
- ▶ Large, colour LCD touchscreen display
- ▶ Easy-clean molded plastics and removable steel panels
- ▶ Durable rubber floor mats with aluminum plates at high touch points

HVAC system

- ▶ 50% more air vents
- ▶ Infinitely variable fan speed
- ▶ Automatic defrost option
- ▶ Larger air intake filter for cleaner cabin air

Visibility

- ▶ 19% more window area providing exceptional forward and rear visibility
- ▶ Low side windows for clear sightline to all tires

Turnaround®

- ▶ Smooth 220° seat rotation with extreme duty Tigercat designed seat rotator
- ▶ Effortless pushbutton controls to lock and unlock the seat in any position within the range
- ▶ Access to all machine functions and full drive controls from any seat position
- ▶ Ability to easily exit either side of the cab
- ▶ Enhanced visibility along with reduced neck strain

Operator's seat

- ▶ Durable, heavy duty air ride suspension seat
- ▶ Ergonomic contoured cushions with heating and cooling
- ▶ Fully adjustable including seat angle and seat extension adjustment
- ▶ Slide-up adjustable armrests for added comfort
- ▶ Reclining seat with adjustable lumbar support
- ▶ Comfortable four-point harness for improved safety

Dedicated storage locations

- ▶ Hooks for jacket and hard hat
- ▶ Location for lunch box
- ▶ Cell phone holder and charging port

TIGERCAT BUILD QUALITY

THE BIG PICTURE

Tigercat H-series skidders combine field proven technology with exceptional upgrades to boost productivity and minimize downtime.

Powerful and productive

- ▶ Load-sensing hydraulic system with larger, more efficient valves
- ▶ Full tractive effort at any engine speed
- ▶ Minimal wheel spin in adverse terrain
- ▶ High capacity Tigercat dual cylinder grapples
- ▶ Additional lights in both standard and high output light packages greatly improve visibility in low light conditions

Robust, high quality components

- ▶ Proven, long-life centre section
- ▶ Reinforced engine enclosure doors with T-style compression latches for secure closure
- ▶ Large diameter cylinders for improved durability

Stress-free serviceability

- ▶ Convenient access to daily service points
- ▶ Thoughtful layout with easy access to all major components
- ▶ Excellent, clean routing for hoses and wiring
- ▶ 20% larger hydraulic tank capacity with improved level detection for steep slope work
- ▶ Belly doors with pivot bolts for easy swing-open access
- ▶ Improved filter layout with all fuel filters centrally located on one side
- ▶ Easier cab tilting with tilt pump readily accessible on right-hand side step
- ▶ Quick access to batteries, drain hose and fill hose on left-hand side step
- ▶ Standard tire pressure monitoring system
