

M726G MULCHER

SUITED TO ROW, VEGETATION MANAGEMENT AND
COMMERCIAL CLEARING APPLICATIONS.

Tigercat[®]
Tough • Reliable • Productive

THE M726G IS A PURPOSE-BUILT MULCHER CARRIER. PROVEN PRODUCTIVITY AND HIGH UPTIME PROVIDE THE CONFIDENCE TO HANDLE TIME SENSITIVE ROW AND OTHER VEGETATION AND FOREST DEBRIS MANAGEMENT PROJECTS. PAIR THE M726G WITH THE 4061-25 MULCHING HEAD FOR AN ALL TIGERCAT-TCi SOLUTION.

KEY BENEFITS

- ▶ Large attachment pump. High flow to the mulching head
- ▶ High capacity cross-flow cooling. Automatic variable speed for improved fuel efficiency., automatic reversing cycle
- ▶ Optional multi-function mulcher/feller buncher hydraulic system and quick attach boom adapter for increased versatility
- ▶ Compartmentalized layout separates the cooling system, engine, and hydraulic components
- ▶ Boom float system. The mulching head automatically follows terrain contours
- ▶ High-lift boom geometry. Improved performance on sloped terrain
- ▶ Long-life centre section constructed with thick steel plate, large diameter pins and tapered roller bearings
- ▶ Clear access to engine, hydraulic components, filters and other service points for painless maintenance routines

FEATURES

OPERATING ENVIRONMENT

- ▶ Heated and cooled air-ride seat with ergonomic armrest mounted joysticks for steering and boom functions.
- ▶ Quiet interior to take advantage of the Bluetooth® sound system with hands free calling. Excellent visibility to the rear tires.

REAL VERSATILITY

- ▶ An optional multi-function hydraulic system and quick attach boom adapter allows the machine to be quickly and easily switched from a mulcher to a feller buncher for increased versatility and the ability to fell large or merchantable timber in forestry applications.

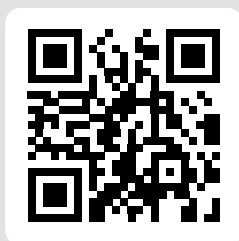

KEEPING IT COOL

- ▶ Cross-flow cooling, hydraulically driven automatic variable speed fan, automatic reversing cycle for clean and efficient cooling air-flow.
- ▶ The cross-flow cooling system has a large surface area and excellent air flow-through for optimal cooling capacity and extended component life.

M726G MULCHER

POWER: 275 Kw (370 hp)
 TOP SPEED: 16 km/h (14.5 mph)
 WEIGHT: 14 880 kg (32,800 lb)
